These financial statements cover Arrow Primary Infrastructure Fund (the "Fund") and are presented in Australian currency.

The Responsible Entity of the Fund is Arrow Funds Management Limited (ACN 146 671 276). Its registered office is at Level 25, 360 Collins Street, Melbourne VIC 3000.

#### Responsible Entity's report

The directors of Arrow Funds Management Limited, the Responsible Entity of Arrow Primary Infrastructure Fund (the "Fund"), present their report together with the financial statements of the Fund for the half-year ended 31 December 2022.

#### **Directors**

The following persons held office as directors of Arrow Funds Management Limited during the period and up to the date of this report:

Andrew Ashbolt
Murray Jones
Matthew Reid
Corold O'Burno (Alternative director for

Gerald O'Byrne (Alternative director for Matthew Reid)

#### **Principal activities**

The Fund is an open ended, unlisted property trust with investments in Australian property and infrastructure assets used in the primary production industry.

During the period the Fund owned 22 properties which were leased to leading Australian primary production companies involved in the poultry, pork, almond, dried fruit, mango, citrus and glasshouse industries.

In addition to the above 22 properties, the Fund is continuing to develop Boombera Park, a 1,394-hectare property at Lawrence, in the Northern Rivers region of New South Wales, into a large-scale macadamia orchard. The orchard plantings, irrigation systems and dams are now complete and in August 2022 Arrow appointed Colliers to assist in finding a suitable lessee for the property. This process is on-going as at the date of this report.

No properties were disposed and no new properties acquired during the period.

Capital expenditure improvements continued on a number of the Fund's poultry properties, which is part of a total \$47.9 million upgrade being undertaken during 2022 and 2023 calendar years.

As the Fund provides agricultural properties and infrastructure to "essential services" industries, the impact on the Fund from COVID19 continues to be minimal. All tenants have adjusted their business processes to implement COVID safe practices and, from the Fund's perspective, business is now essentially back to normal.

There were no significant changes in the nature of the Fund's activities during the period.

#### Review and results of operations

#### 1. Results:

The performance of the Fund for the half-year, as represented by the results of its operations, was as follows:	31 December 2022	31 December 2021
Net profit for the half-year	\$5,825,324	\$18,750,029
Add back: Depreciation and amortisation	\$924,156	\$1,553,893
Revaluation of Investment Property and Agri Assets	\$1,243,575	(\$9,973,012)
Straight line rent adjustment	(\$642,480)	<b>(</b> \$1,358,857)
MTM movement of shares and derivative instruments	(\$979,910)	(\$2,392,674)
Normalised earnings (1)	\$6,370,665	\$6,579,379
Normalised earnings per unit (cents per unit) (1)	3.50	3.71
Distributions paid and payable	\$7,285,981	\$7,088,702
Distributions (cents per unit)	4.00	4.00

<sup>(1)</sup> Normalised earnings is the net profit for the year excluding statutory non-operating accounting adjustments such as accounting for fair value movements in property valuations and other financial assets, straight line lease accounting and other non-cash items such as amortisation of debt establishment fees and depreciation.

#### Review and results of operations (continued)

#### 1. Results (continued)

The main factors influencing the result for the half-year period were:

- Total property rental income was \$12.885 million, up by \$0.317 million compared with the previous corresponding period. This was mainly due to an increase in property rental income, which is recognised on a straight-line basis.
- Rental income also comprised:
  - o base property rent (up by \$0.048 million); and
  - o property expenses recoverable from tenants (down \$0.014 million).
- The administrative cost of running the Fund calculated by annualising the Indirect Cost Ratio (ICR) was 1.88% for the half-year compared to 1.95% for the previous corresponding period.
- The "Marked to Market" movement in the Fund's interest rate derivatives resulted in a gain of \$0.980 million compared to a gain of \$2.729 million for the previous corresponding period. This reflects the market's expectation that future interest rate increases may continue, however at a slower pace.
- Total revaluations of assets (investment properties & agricultural assets) for the half-year were down \$1.244 million compared to a positive \$9.973 million for the previous corresponding period.

2. Value of Fund's Assets:	31 December 2022	30 June 2022
Total assets	\$394,541,750	\$390,550,920
Net assets attributable to unitholders	\$225,918,165	\$223,912,259
Net asset value ('NAV') per unit	\$1,2341	\$1,2385

The value of the Fund's assets and liabilities is derived using the basis disclosed in note 2 of the financial statements of the most recent annual financial report (30 June 2022).

The loan to valuation ratio ("LVR") was 42.6% at 31 December 2022 compared to 42.6% at 30 June 2022 and 39.6% at 31 December 2021.

#### 3. Contributed Equity

There was no equity raising conducted by the Responsible Entity during the half-year to 31 December 2022.

Distributions for the Fund are paid from cash available from operating activities; i.e., rent and interest received less the expenses of the Fund. Distributions paid or provided for in the half year to 31 December 2022 were \$7,285,981 (December 2021: \$7,088,702).

During the half-year to December 2022, a total of 2,255,821 new units were issued under the Fund's Distribution Reinvestment Plan (DRP) at a value of \$2,796,259.

The DRP represents an opportunity for all unitholders to increase their holding in the Fund and unitholders have slightly increased their participation rate (in units) to 44% for the December 2022 quarter distribution, compared to 42% for December 2021 quarter.

The Responsible Entity did not offer a quarterly withdrawal facility during the half year to December 2022 as there continues to be sufficient liquidity offered by investors who have registered their interest on Arrow's Buyers' List.

As at 31 December 2022 there were 524 unitholders in the Fund.

(continued)

#### 4. Asset Acquisitions

The Fund spent a total of \$5.005 million on planned Capex at the Fund's following properties: Lynwood, Woodleigh, Bidgee and Tangaratta poultry farms, Katherine Packing Shed and Boombera Park Macadamia Farm.

#### 5. Debt facilities

On 22 December 2022, the Fund formally increased borrowing facilities with its secured lender by \$20.00 million to \$190.0 million. At 31 December 2022 the Fund had total borrowings drawn down on these facilities of \$162.50 million.

#### Significant changes in state of affairs

There were no significant changes in the state of affairs of the Fund that occurred during the period ended 31 December 2022.

#### Matters subsequent to the end of the reporting period

No other matter or circumstance has arisen since 31 December 2022 that has significantly affected, or may significantly affect:

- (i) the operations of the Fund in future financial years; or
- (ii) the results of those operations in future financial years; or
- (iii) the state of affairs of the Fund in future financial years.

#### Likely developments and expected results of operations

The Fund will continue to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Fund and in accordance with the provisions of the Fund's constitution.

The results of the Fund's operations will be affected by a number of factors, including the performance of financial and property markets in which the Fund invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Fund and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Fund.

#### Auditor's independence declaration

AHANON

A copy of the Auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 4.

This report is made in accordance with a resolution of the directors.

#### 1 Summary of significant accounting policies

#### (a) Basis of preparation of half-year financial report

This condensed interim financial report for the half year reporting period ended 31 December 2022 has been prepared in accordance with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Act 2001*.

This condensed interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2022 and any public announcements made by Arrow Primary Infrastructure Fund (the Fund) during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

All policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

## (b) New accounting standards and interpretations Accounting standards issued but not yet effective and not been adopted early

The Fund has not early adopted any standard, interpretation or amendment that has been issued but is not yet effective.

#### Accounting standards adopted at 1 July 2022

There are several minor amendments and interpretations which apply for the first time from July 2022, but do not have an impact on the interim financial statements of the Fund.

There are no other standards that are not yet effective and that are expected to have a material impact on the Fund in the current or future reporting periods and on foreseeable future transactions.

#### (c) Accounting Estimates and Judgements

Valuations, undertaken by third parties, include significant judgement as a result of COVID-19. At the date of the valuation there was material market uncertainty, noted within the valuation reports received, requiring a higher degree of caution to be attached to the valuation.

#### (d) Agricultural assets

Agricultural assets are measured at fair value less point of sale costs and subsequent depreciation.

Any revaluation surplus arising upon appraisal of the agricultural assets is recognised in other comprehensive income and credited to the asset revaluation reserve in equity. To the extent that any revaluation decrease or impairment loss has previously been recognised in profit or loss, a revaluation increase is credited to profit or loss with the remaining part of the increase recognised in other comprehensive income. Downward revaluations of the agricultural assets are recognised upon appraisal or impairment testing, with the decrease being charged to other comprehensive income to the extent of any revaluation surplus in equity relating to this asset and any remaining decrease recognised in profit or loss. Any revaluation surplus remaining in equity on disposal of the asset is transferred to retained earnings.

Any accumulated depreciation at the date of the revaluation is eliminated against the gross carrying amount of the asset and the net amount is restated to the re-valued amount of the asset.

The investment properties which include agricultural assets are subject to long term leases. These properties are carried at independent valuations. The capitalisation of future cash flows method and the direct comparison summation method of valuation are used to determine the fair value less estimated point of sale costs of the agricultural assets based on the nature of tenants long term leases.

The valuation of investment properties which include agricultural assets and water licences is assessed on an aggregate basis and the independent valuer may or may not separate the valuation into components which are required to be separately disclosed in the financial statements in order to meet Australian Accounting Standards. The carrying amount of each component of property is determined by independent valuers.

Depreciation is recognised on a straight-line basis to write down the cost less estimated residual value of the asset. The agricultural asset is depreciated over useful lives of 15 to 30 years.

#### 2 Revenue

Revenue includes:	31 December 2022 \$	31 December 2021 \$
(a) Property rental recognised over time from:		
Base property rent	11,991,242	10,943,224
Rent – expenses recoverable	251,291	265,827
Other rental income (recognised on a straight-line basis) (1)	642,480	1,358,857
Total rental income	12,885,013	12,567,908

<sup>(1)</sup> Rental income from operating leases is recognised as income on a straight-line basis over the lease term. Where a lease has fixed annual increases, the total rent receivable over the operating lease is recognised as revenue on a straight-line basis over the lease term. This results in more income being recognised early in the lease term and less late in the lease term compared to the lease conditions.

#### 3 Investment properties

All investment property, excluding Boombera Park, was independently valued at December 2022. Full valuations were completed on Bidgee, Avenues and Tangaratta Farms, while other properties received independent desktop valuations. Boombera Park is held at an independent valuation at June 2022 plus capital expenditure for the period 1 July 2022 to 32 December 2022. This is deemed to be the fair value of the property.

	31 December 2022	30 June 2022
At fair value	\$	\$
Opening balance	319,350,488	281,528,292
Acquisition costs and capital expenditure on properties	3,717,954	23,616,913

Changes in fair value for straight-lining of rent adjustment	642,480	2,717,714
Closing balance	322,430,478	319,350,488

#### 4 Intangible assets

The Fund owns 5,677 megalitres (June 2022: 5,677 megalitres) of permanent water licences, which form an integral part of long-term property leases with several tenants. Water licences have an indefinite useful life as a result of their legal form and are therefore not amortised.

#### 5 Agricultural assets

Trees and vines are an integral part of the agricultural assets that are leased to tenants under long-term leases.

The Fund owns the following agricultural assets as at 31 December 2022:

- (a) 138.14 ha of planted mango trees;
- (b) 608.74 ha of planted almond trees;
- (c) 97.55 ha of planted citrus trees;
- (d) 605.3 ha of planted vines;
- (e) 780 ha of planted macadamia trees.

Movement in the carrying amounts for agricultural assets for the half-year/year:

	31 December 2022 \$	30 June 2022 \$
Gross carrying amount		
Opening balance	64,983,128	61,220,274
Acquisition	1,286,784	2,633,254

Reversal of accumulated depreciation		-
Closing balance	17,774,757	17,067,584
Carrying amount	49,202,328	47,915,544

<sup>(1)</sup> Revaluations increases of agricultural assets are typically recognised in comprehensive income, except where they may be shown in the profit and loss to offset a previously recognised revaluation decrease in the profit and loss. During the 6 months to December 2022, \$36,869 (June 2022: \$73,737) of revaluation increases have been recognised in the profit and loss, while \$670,304 (June 2022: \$1,055,863) is recognised in comprehensive income.

## Independent Auditor's Review Report

#### To the Unitholders of Arrow Primary Infrastructure Fund

#### Report on the half year financial report

#### Conclusion

We have reviewed the accompanying half year financial report of Arrow Primary Infrastructure Fund (the Fund), which comprises the statement of financial position as at 31 December 2022, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the accompanying half-year financial report of Arrow Primary Infrastructure Fund does not comply with the *Corporations Act 2001* including:

- a giving a true and fair view of the Fund's financial position as at 31 December 2022 and of its performance for the half year ended on that date; and
- b complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations* 2001.

#### **Basis for Conclusion**

We conducted our review in accordance with ASRE 2410 Review of a Financial Report Performed by the Independent Auditor of the Entity. Our responsibilities are further described in the Auditor's Responsibilities for the Review of the Financial Report section of our report. We are independent of the Company in accordance with the auditor independence requirements of the Corporations Act 2001 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (including Independence Standards) (the Code) that are relevant to our audit of the annual financial report in Australia. We have also fulfilled our other ethical responsibilities in accordance with the Code.

#### Responsibilities of the Directors of the Responsible Entity for the half-year financial report

The Directors of Arrow Funds Management Limited (the Responsible Entity) are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half-year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

#### Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Fund's financial position as at 31 December 2022 and its performance for the half-year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting and the Corporations Regulations* 2001.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.
